August 20, 2018

Dear Neighbor:

Are you interested in helping plan Brooklyn's future? In conjunction with the Cuyahoga County Planning Commission, the City will begin working to update our 2006 Master Plan. This will be a blueprint that reflects and supports the priorities and future goals of our community.

We are looking for community members who want to participate in a steering committee. Ultimately, the goal is to have a diverse group of individuals who are knowledgeable about various topics and issues that impact the community and who are willing to commit at least 6 of their evenings to this process.

This is an exciting opportunity for Brooklyn and, recognizing your level of commitment to the success of the city, I would love to have you involved. While the openings on the steering committee are limited, there will also be opportunities for more targeted involvement through subcommittees and community information sessions.

Enclosed you will find an application to apply for the committee. You can also find this on the City's website (main page) at www.brooklynohio.gov under the Quick Links tab. We expect to select the committee members by October 1, 2018, so you can expect to hear from me shortly after that date.

Thank you in advance for your interest in the future of our community.

Sincerely,

Katherine A. Gallagher
Mayor
