STEP 1

CREATE A TRAINING PLAN

Our Talent Advisors will help you create a customized training plan that includes: Accelerated occupational training, on-the-job training milestones, credentialing, wage differentials, & post-training job title & wage.

STEP 3

SUBMIT APPLICATION & CONTRACT

Once you identify a trainee, we will help you complete & submit an application for approval. The application includes a cost reimbursement schedule & authorization signatures from the trainee & employer. The contract describes employer responsibilities.

STEP 5

REQUEST REIMBURSEMENT

Employers submit invoices & supporting documentation to request reimbursement for approved expenses.

STEP 2

IDENTIFY & ASSESS TRAINEES

Our Talent Advisors will help you assess high-potential trainees from your preferred talent pool for key success factors: Career interest, ability to successfully enroll in & complete training, and ability to succeed in the higher-skill role.

STEP 4

EXECUTE THE TRAINING PLAN

Our Talent Advisors will help you execute the training plan, including: coordinating enrollment in the occupational training, guiding the on-the-job training experience and credentialing process, and providing coaching services to each approved trainee.
