

COMPOST DELIVERY

The City of Brooklyn is excited to announce that it will begin to deliver mulch to its residents on a first come first serve basis beginning in May. The City of Brooklyn Service Department maintains a class IV compost facility at its Service Garage located at 9400 Memphis Avenue. During the year the Service Department collected over 2,000 tons of yard waste material which includes leaves picked up during the fall, chipped trees, branches and the weekly yard waste that is picked up curbside beginning in April and ending in November. The Service Department had a contractor grind the material and put in windrows at the compost site. The windrows are turned and the temperatures are monitored.

The material is now ready for the residents to use as mulch or to use in the soil in their gardens and landscape beds. The Service Department will deliver one load of compost which approximately weighs 2.5 yards. Residents must call the Service Department at 216-635-4232 to arrange for a delivery. Once delivered, the compost must be dispersed of within 21 days.

Second loads will be delivered after all first load requests have been met.

Guidelines for Compost Delivery

- Please fill out our [Compost Waiver](#). The waiver must be filled out before the mulch can be delivered or someone must be available to sign at the point of delivery. The resident must specify the location of the drop off. **We will not deliver to back yards.**
- Call the Service Garage at 216-635-4232 to arrange for a drop off. You must provide your name, address and phone number. Please provide a number that you can be reached at during the day.
- The Service Department will notify the resident by phone of the delivery date. If you are not home, a message will be left on your voice mail. If a message is left, the homeowner is required to call back to confirm and receive the delivery. If the Service Department does not receive a call back, the mulch will not be delivered.
- Mulch will be delivered Monday-Friday between 7:00 AM and 3:00 PM.
- Delivery location must be in the driveway on a hard surface.
- Rental homes must have the approval of the homeowner to have compost delivered.
- A compost pile for self-pick up by residents is available at the Service Garage between Monday-Friday, hours 7:00 AM-3:00 PM. The Service Department will not load private vehicles. You must bring your own container and shovel. Residents that stop by for self-pick up must stop by the office to show proof of residency.
