- Deposits will be forfeited for failure to contact Ohio Utilities Protection Service prior to excavation, which results in damage to concealed utilities.
 - Street opening and obstruction permits require prior Service Director Approval.
 - For construction work in the public right-of-way by public utilities, and/or their

subcontractors, street opening fees may be reduced to an amount deemed by the Safety Director, Service Director, and Building Commissioner to be adequate to cover expected inspections, traffic direction, and/or barricade fees.

(v) ADDITIONAL INSPECTION FEES

(1) Whenever an inspection has been requested and the work is found to be incomplete or in need of correction, there shall be a charge a fee in the amount of seventy-five dollars (\$75.00) for each subsequent inspection.

(2) Whenever a special inspection, not routine inspection of work being done under a permit, is requested, there shall be a charge of seventy-five dollars (\$75.00).

(3) Subsection (1) and (2) hereof shall not be applicable to home owner permits.

(w) WORK STARTED WITHOUT PERMIT

Commencing work without permit and/or plan approval: **DOUBLE** the cost of required permit(s).

(x) REFUSAL TO ISSUE PERMIT; APPEAL

The Building Official may deny any applicant who has outstanding violations that have not been corrected as of date an additional permit is requested, or if past performance indicates a pattern of noncompliance with an applicable building ordinance. In the event the application for a permit is denied, the applicant shall be notified of such refusal in writing, and such notice shall be sent by certified mail to the applicant at the address of the applicant, as set forth in the application for a permit. The applicant shall have ten days (10) after receipt of such notice within to appeal with the Director of Public Safety. Thereupon the applicant shall have not less than ten days (10) notice of the date and place of the hearing. The appeal shall be heard by the Board of Zoning Code Appeals if such is existing at the time of the refusal by the Building Official. The board shall have the power after such hearing to confirm the refusal or order the permit to be issued.

(y) AGGREGATE FLOOR AREA

For the purpose of this chapter, the aggregate floor area shall be the sum of the gross horizontal areas at the several floors, including basement, cellars and attics that are at least fifty percent (50%) habitable. All horizontal dimensions shall be taken from the exterior faces of walls, including enclosed porches.

(z) COST ESTIMATES

Where a permit is based upon the cost of work done under the permit, such costs shall be the actual cost as certified by the owner or authorized representative of the owner, and as approved by the Building Official. The Building Official may, at any time up to three (3) months after the completion of the work, require the submission of the authoritative estimates or actual cost data to substantiate the estimated cost stated on the application, and require the payment of additional fees when it is demonstrated that the actual cost of the work is in excess of the estimate cost upon which the permit fees were based.
